

U-KIOSK

Ellipso guides you safely

Conceived for a 24/7 use, the totem Ellipso intends himself for **applications of digital signage** during temporary events.

It proposes a bright 40 inches screen on impressive but still light and stable support.

Its aluminum skeleton allows a single person to assemble it quickly.

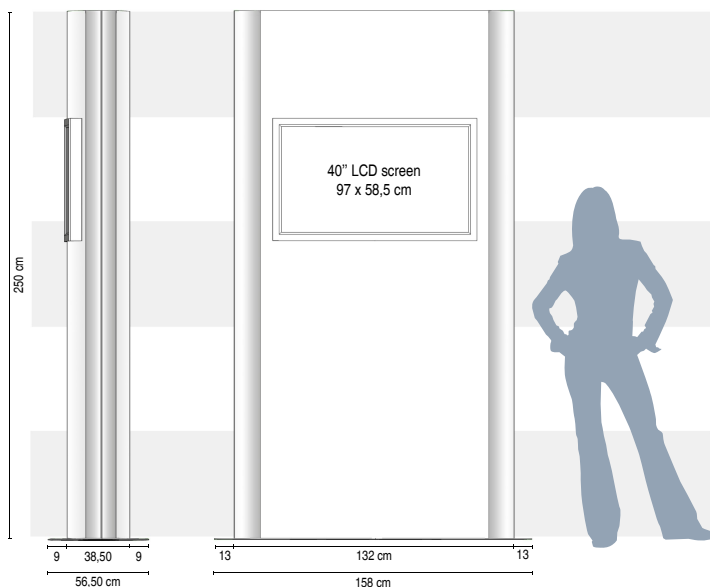

Its panels in forex can be personalized as you wish it.

Combined with our solution of digital signage U-Ctrl, it represents **the ideal solution to master your visitor's flows** and keep them inform about the various meetings of the day.

ELLIPSO 40"
